

Sitecore For Content Managers

Lesson 4 - Experience Editor

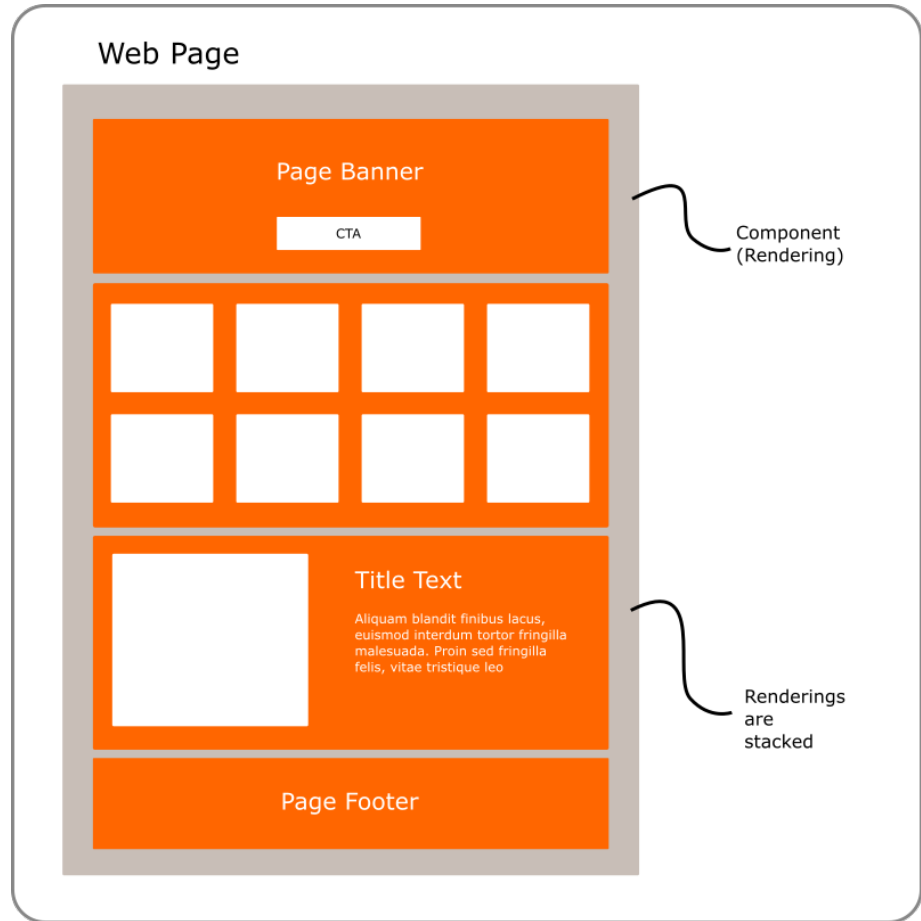

Lesson 4 - Experience Editor

- Component Model
- Placeholders
- Renderings
- Datasources
- Rendering Parameters
- Rich Text
- Presentation Details

Component Model

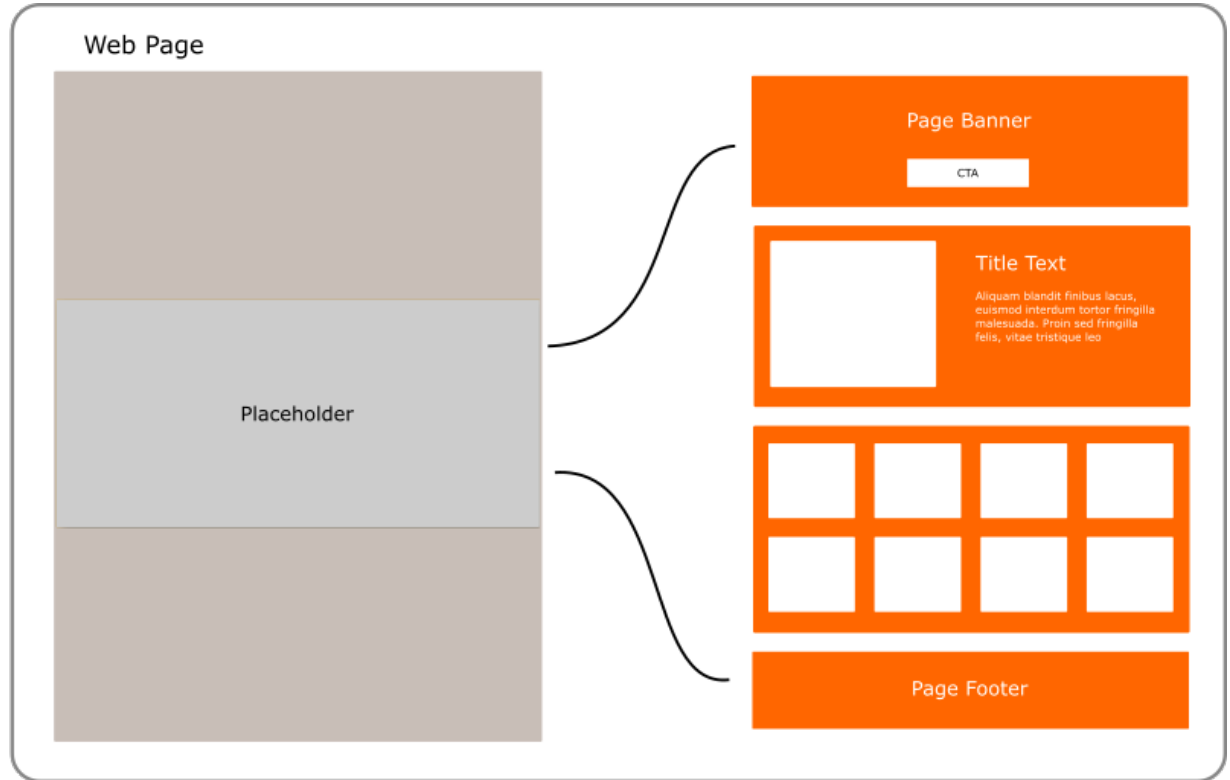

Placeholders

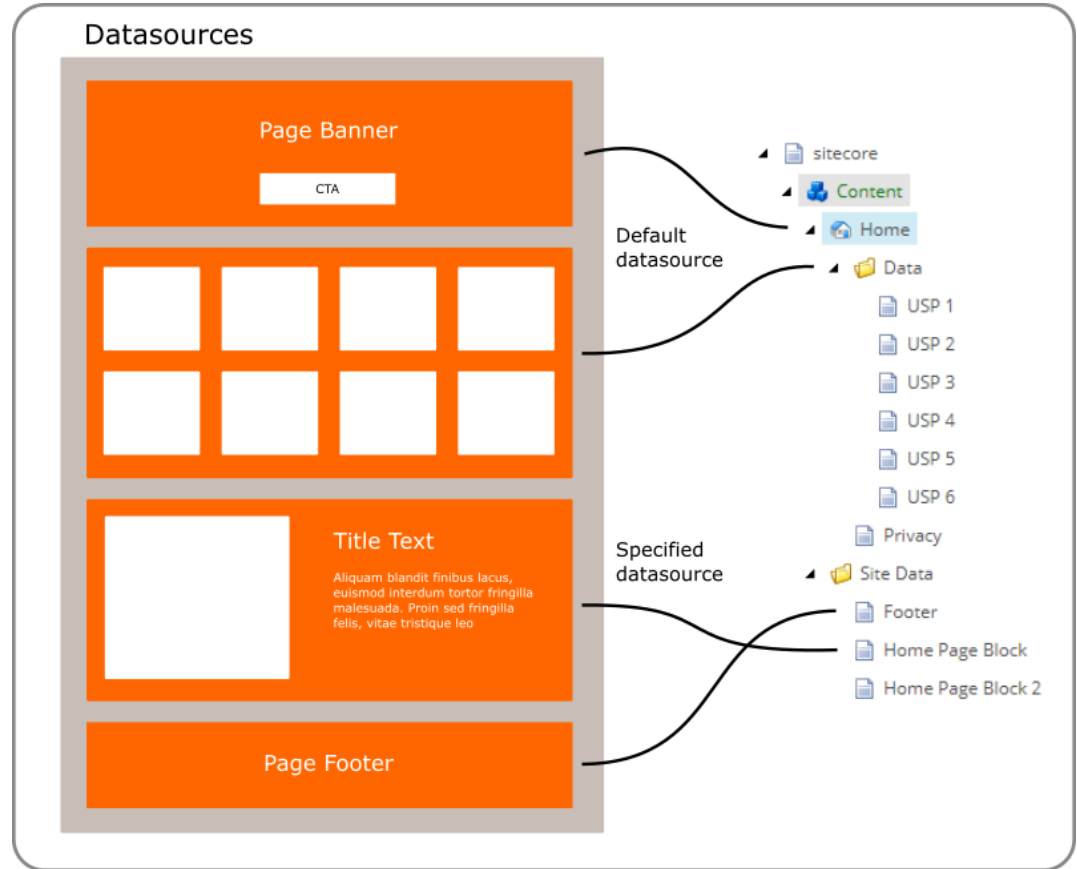

Provide a place for renderings

Some placeholders may restrict renderings

Datasources

Allow you to share content across pages

Sitecore Live Demo

What we've learned

- Component Model
- Created page with Experience Editor
- Placeholders
- Added Renderings
- Used Datasources to share content
- Controlled rendering with rendering parameters
- Used a rich text field
- Short cutted Experience Editor with Presentation Details
